**Spiritual qualities of divine Love strengthen the healing work of all health care practitioners:**

Compassion, patience, tenderness, forgiveness, hope, expectation, and joy are powerful healing qualities. Without them, no human care or science can ever succeed. S&H 394:5-16 and 364:31 – 367:9

“If divine Love is becoming nearer, dearer, and more real to us, matter is then submitting to Spirit.” 239:18-20

“Divine Love is our only physician, and never loses a case. It binds up the broken-hearted; heals the poor body, whose whole head is sick and whose whole heart is faint; comforts such as mourn, wipes away the unavailing, tired tear, brings back the wanderer to the Father's house in which are many mansions, many welcomes, many pardons for the penitent.” My 132:28, Mary Baker Eddy

“When the Science of being is universally understood, every man will be his own physician, and Truth will be the universal panacea. S&H 144:27
